

3M™ Noise Indicator NI-100

QUICK START

Operating the Noise Indicator

1. Attach the NI-100 with badge clip to shirt/jacket where it is easily visible.
2. To turn **On**, press and hold **button** until solid red and green lights appear. Release **button**.
 - **Flashing Green**, with 1 sec. intervals, indicates noise level is below 85 dBA.
 - **Flashing Red**, with 1 sec. intervals, indicates noise level is above 85 dBA.
3. To turn **Off**, press and hold **button** while the LEDs illuminate solid red and green and then disappear. Release **button**. ***NOTE:** If not manually turned off, the noise indicator will automatically power off after approximately 10 hours.

3M

Charging: LEDs and Status

1. Plug mini-USB cable from PC to external port (bottom) of NI-100.

External port of NI-100

- **Charging Mode:** Red and green LEDs will alternately flash.

Note: Allow about 4 hours for a fully charged battery.

2. When fully charged, the green LED will double flash every 5 seconds.

Specifications:

QUICK START

- **Size:** 5.1 cm(L) X 3.6 cm(W) X 1.3 cm(D)
2 in.(L) X 1.4 in.(W) X 0.5 in.(D)
- **Weight:** 17 g (0.6 oz)
- **Temp. Operating/storage:** -10°C to 50°C
(14°F to 122°F)
- **Humidity Range:** 0-95%; noncondensing
